

## MND Research Questionnaire

We are all working towards a cure for MND and to improve symptom management, if you have any thoughts on areas that should be prioritised for research please fill in the following questionnaire.

I am a      Patient            Carer            Family Member     

To establish stage of MND:

**How long have you or your relative been living with MND?.....**

*Please answer these questions as they relate to you:*

### **What physically concerns you most about MND?**

Limb support            Excess saliva            Fatigue     

Night time comfort/ Sleep problems            Respiratory management     

Other (please specify):.....

### **What emotionally concerns you most about MND?**

Communication            Anxiety            Frustration     

Other (please specify):.....

### **What do you feel are the top priorities for research in MND?**

.....

### **What would encourage you to participate in research?**

(For example, a researcher visiting you at home rather than extra trips to hospital)

.....

.....

Should you want to know more or become involved in research
